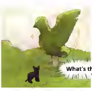
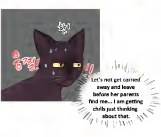
Lunchbox...
I made Ga-Un's as well ...
슥
깜짝!
You came. I was going to text you...
That was a quick thinking, wasn't it.
Sorry...
You made mine, right?
Time to eat.
That box is mine...
Where is gender equality? Why do only girls have to pick cute ones?
I don't think this has anything to do with genders...
...
주섬 주섬
You want this ? Maybe not.
?
Wow
Can I really have it ?
So cute... *sob*
Amazing...
행복해
...
You look like a total idiot, right now.
재잘 재잘
Isn't that Cha Ga-Un?
헉!
He's with Sim-He. Are they close?
After ignoring me so badly...
I am pissed!
푸슉!!
What are you doing?!
Didn't you say you had no friends? But you were getting along well with the guy next to you.
슬쩍
?
You mean ... Ja-Buck?
덥석
쩝 쩝 쩝 쩝 쩝 쩝!!
......?
어슬렁
어슬렁
I am so bored... I think ... I will check out Sim-He's garden.
And look at that...
폴짝!

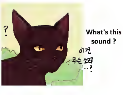
What's up with this overly shiny garden...



You know, I could get used to this !

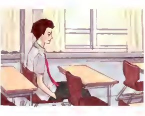


헉!
움찔!
Let's not get carried away and leave before her parents find me... I am getting chills just thinking about that.

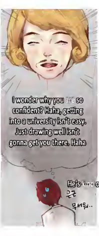


?
What's this sound ?
이건 무슨 소리..?

There are fishes in the pond? I am... just gonna take a look.
훅!

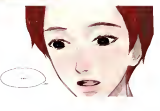


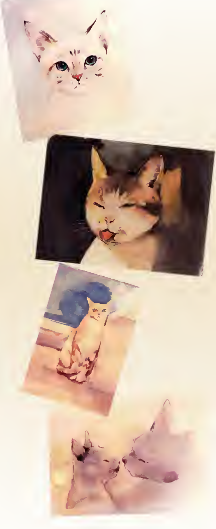
< After classes ... >



I wonder why you are so confident? Haha, getting into a university isn't easy. Just drawing well isn't gonna get you there. Haha
He's kind of scary...
은근 무서워..

Maybe I will take a look.
촤라락





Not...
Not bad at all...

You have the skills. Yet ...
So Sim-He...

No, I am not going to apply for it...

... I want to compete against someone of her skills...

Ok! She is now my rival !
